

Document Structural Extraction & Architecture

Standard extraction reads characters linearly and destroys layout relationships. On multi-column forms or financial tables, raw extraction loses column boundaries and row associations.

Item Description	Quantity	Unit Cost	Subtotal
API Integration Consulting	10 hrs	.00	,500.00
Structural Layout Parser	1 unit	.00	.00
Neural Audio Synthesis	1 unit	.00	.00

Native structural extraction isolates table cells and structures rows into addressable spoken items for neurodivergent listeners.
